### INTERVIEW SUMMARY

On July 26, 2005 the undersigned, along with David W. O'Brien, held a teleconference with Examiner Trinh regarding the above-cited application. Examiner Trinh indicated that, upon reflection, the Sugita reference (U.S. Patent No. 6,075,778) did not support the rejections made in the presently outstanding Office Action. He indicated that the claims were likely allowable over the art presently of record, but instead drew Applicant's attention to a new reference, U.S. Patent No. 6,567,671.

Examiner Trinh agreed that he would withdraw the current rejections, making such withdrawal "of record" in an interview summary (to follow) and stated that no response to the present Office Action would be necessary. Examiner Trinh also stated that he would make the 6,567,671 patent of record (e.g., by form PTO-892) and generate a new Office Action shortly.
